

North American Entrepreneurship & Innovation Centers 2017

<u>Continent</u>	<u>Country</u>	<u>Institution name</u>	<u>WR</u>	<u>Entrepreneurship/innovation center/ program name</u>	<u>Centers website</u>	<u>Short explanation about the center/ program</u>
USA	Massachusetts	<u>Harvard University</u>	1	Technology and Entrepreneurship Center at Harvard	http://tech.seas.harvard.edu/	TECH is based on the belief that boundaries -- between disciplines, people, organizations, and ideas -- need to be crossed continually to create the insights that lead to innovations because socially useful and commercially viable advancements require the right mix of scientific and engineering knowledge, entrepreneurial know-how, and worldly perspective. TECH sponsors and supports many opportunities for the innovation community to gather and exchange knowledge including courses, study groups, mentorship relationships, and special events.
USA	California	<u>Stanford University</u>	2	Center for Entrepreneurial Studies	https://www.gsb.stanford.edu/faculty-research/centers-initiatives/ces	The Center for Entrepreneurial Studies is building a dynamic global community of entrepreneurs and thought leaders who are changing the world. We believe the most exciting innovations derive from cross-disciplinary collaboration and encourage this by serving entrepreneurial faculty members and graduate students from across Stanford, in partnership with the greater entrepreneurial community.
USA	Massachusetts	<u>Massachusetts Institute of Technology (MIT)</u>	4	1. LEGATUM CENTER 2. The Martin Trust Center for MIT Entrepreneurship	1. http://legatum.mit.edu/ 2. http://entrepreneurship.mit.edu/	1. We are committed to providing education, funding and community resources that will equip our students with the skills, values and critical thinking they need to succeed as entrepreneurial change agents in the world. 2. The Martin Trust Center for MIT Entrepreneurship provides the expertise, support, and connections MIT students need to become effective entrepreneurs. We serve all MIT students, across all schools, across all disciplines.
USA	California	<u>University of California, Berkeley</u>	5	Sutardja Center for Entrepreneurship & Technology	http://scet.berkeley.edu/	The Sutardja Center for Entrepreneurship & Technology is the premiere institution on the UC Berkeley campus for the study and practice of "technology-centric" entrepreneurship and innovation. Since 2005, SCET has created the foundation of Berkeley's entrepreneurship ecosystem including SkyDeck, the Fung Institute, the Engineering Leadership Professional Program, Global Venture Lab, and an extensive ecosystem of Silicon Valley and Global partners (see our history).
Usa	New Jersey	<u>Princeton University</u>	6	Keller Center	https://kellercenter.princeton.edu/about/vision	The Keller Center's mission is to educate leaders for a technology-driven society, by innovating education and fostering entrepreneurship, innovation and design. The Keller Center is based in Princeton University's School of Engineering and Applied Science and shares the school's vision for bridging disciplines to ensure that all students are prepared to put science and technology to use in solving critical societal challenges.
USA	New York	<u>Columbia University</u>	8	The Eugene Lang Entrepreneurship Center	https://www8.gsb.columbia.edu/entrepreneurship/	The mission of the Eugene Lang Entrepreneurship Center is to instill entrepreneurial thinking in all Columbia Business School students and to create a community of business practitioners with a lifelong commitment to achieving social and economic progress through entrepreneurship.

USA	California	<u>California Institute of Technology</u>	9	1. The Entrepreneurship Club	1. http://eclub.caltech.edu/about.html 2. http://innovation.caltech.edu/content/approach	<p>1. The Caltech Entrepreneurship Club aims to provide aspiring Caltech entrepreneurs with the knowledge and connections to help launch the companies of the future. Our myriad of events include hosting business plan competitions, entrepreneurship bootcamps, field trips to Silicon Valley and San Diego, the Entrepreneurship Seminar Series which brings successful entrepreneurs to campus, and the Startup Workshop Series which provides detailed information on legal matters and other logistics.</p> <p>2. We strive to provide a valuable service to Caltech/JPL innovators by making the processes of technology transfer and working with industry as user-friendly as possible. Our success depends on these relationships. It's our goal to create an environment in which researchers feel like they are an integral part of a successful relationship, and that everyone is committed to having each invention and research project reach its full potential.</p>
USA	Illinois	<u>University of Chicago</u>	10	Polsky Center for Entrepreneurship and Innovation	http://polsky.uchicago.edu/	The Polsky Center for Entrepreneurship and Innovation is bridging the gap between knowledge and practice, idea and action, and research and impact through education, partnerships, and new venture creation. The Polsky Center advances the knowledge and practice of entrepreneurship and accelerates the commercialization of research. The Polsky Center helps students, faculty, staff, alumni, researchers and local entrepreneurs navigate the complex process of creating and growing a startup.
USA	Connecticut	<u>Yale University</u>	11	The Tsai Center for Innovative Thinking at Yale (CITY)	https://www.city.yale.edu/	The Tsai Center for Innovative Thinking at Yale (CITY) has the mission to inspire and support students from diverse backgrounds and disciplines to seek innovative ways to address real-world problems. We aim to draw existing university resources into closer partnership with each other; to complement curricular programs; and to provide new and effective avenues for students to develop the skills crucial to an innovative mindset: design thinking, problem-framing, creative synthesis, clear communication, and refined judgment.
USA	California	<u>University of California, Los Angeles</u>	12	The Harold and Pauline Price Center for Entrepreneurship & Innovation	http://www.anderson.ucla.edu/centers/price?_ga=2.226647198.2033616693.1505047267-769534263.1505047267	The Harold and Pauline Price Center for Entrepreneurship & Innovation is a recognized leader in entrepreneurial education and research at the UCLA Anderson School of Management. Working closely with its board of advisors, the Price Center fosters the study and practice of entrepreneurship and business innovation by providing the foundation on which creativity can flourish and individuals can succeed.
USA	Washington	<u>University of Washington</u>	13	Arthur W. Buerk Center for Entrepreneurship	http://foster.uw.edu/centers/buerk-ctr-entrepreneurship/	The Buerk Center integrates entrepreneurship into the fabric of the University of Washington, and invests in the students who want to shape the future. We are a top 10 entrepreneurship program in the United States, offering students the best preparation, experiences, and network for their successful careers as entrepreneurs. We reach across campus to engage students in our classes, programs, and activities, and spin out 10 to 20 new student-led companies each year.
USA	New York	<u>Cornell University</u>	14	Entrepreneurship at Cornell	http://eship.cornell.edu/	Entrepreneurship at Cornell is a diverse, university-wide program that finds and fosters the entrepreneurial spirit in participants from every college, every field, and in every stage of life. We are grounded in the belief that individuals who exhibit an entrepreneurial spirit and have acquired entrepreneurial knowledge can add significant value to any working environment from the smallest startup to the largest business, from non-profits to government agencies.
USA	California	<u>University of California, San Diego</u>	15	The Institute for the Global Entrepreneur	http://jacobsschool.ucsd.edu/ige/index.sfe	<p>1. The Institute for the Global Entrepreneur encompasses education and training programs, mentoring, and strategic partnerships, all working toward a common goal: preparing engineers and MBA students to become change makers, technical leaders, and entrepreneurs who drive innovation within organizations both large and small. The Institute is collaboration between the UC San Diego Jacobs School of Engineering and Rady School of Management. It is dedicated to training global technology leaders and translating university discoveries to the marketplace.</p> <p>2. The Basement, UC San Diego Innovation (http://www.ucsdbasement.com/#about)</p>

USA	Pennsylvania	<u>University of Pennsylvania</u>	17	Penn Wharton Entrepreneurship	https://entrepreneurship.wharton.upenn.edu/research/	Penn Wharton Entrepreneurship is here to help Penn students interested in entrepreneurship & innovation finds their unique path and career. Penn Wharton Entrepreneurship is a resource for any Penn student who is interested in entrepreneurship and innovation. We maximize the ability of our students and alumni to address important challenges through entrepreneurship and entrepreneurial thinking. Ignited by great ideas, faculty, students, and alumni turn innovative concepts into scalable and sustainable businesses, and bring entrepreneurial development to existing companies eager for change. In a world hungry for productive innovation, our disciplined approach challenges concepts, focuses ideas, and provides the know-how to turn fledgling businesses into strong, enduring organizations.
USA	Missouri	<u>Washington University in St. Louis</u>	20	Skandalaris Center for Interdisciplinary Innovation and Entrepreneurship	https://skandalaris.wustl.edu/about/	We provide entrepreneurial resources to those who think differently at Washington University, within St. Louis, and beyond. We have initiatives that serve WashU students, alumni, faculty, staff, and the community.
USA	California	<u>University of California, San Francisco</u>	21	Entrepreneurship Center at UCSF	https://ita.ucsf.edu/entrepreneurship-center	The Entrepreneurship Center at UCSF provides the knowledge, support and connections needed by our community of scientists and clinicians who want to commercialize their inventions through a startup. We empower our community by providing courses, programs and a network to expose them to the entrepreneurial mindset and the Silicon Valley ecosystem that is the world's standard. We support entrepreneurial interests in all areas of life science/healthcare, whether therapeutics, research tools, medical devices, diagnostics, digital health or Big Data. Entrepreneurs' Club (Eclub) - The Entrepreneurs' Club is an informal gathering of people interested in entrepreneurship from UCSF, Berkeley, Stanford and the business community We are building a cluster of resources including entrepreneurship training, speakers on topics of interest to entrepreneurs, mentoring and information resources. Advisor & Mentor Program.
USA	Illinois	<u>Northwestern University</u>	22	FARLEY CENTER FOR ENTREPRENEURSHIP AND INNOVATION	http://www.farley.northwestern.edu/	Our mission is to serve every member of the Northwestern community. We take great pride in the fact that the majority of our students come from outside the McCormick School of Engineering, our host school.
Canada	Ontario	<u>University of Toronto</u>	23	U of T Entrepreneurship	http://entrepreneurs.utoronto.ca/about/	No matter what type of entrepreneur you are, U of T can help bring your ideas to life. Startups based in research and innovation will find the perfect fit within our growing ecosystem of accelerators, courses, programs, clubs, meetups and speaker series.
USA	Michigan	<u>University of Michigan-Ann Arbor</u>	24	Center for Entrepreneurship	http://cfe.umich.edu/what-is-the-center-for-entrepreneurship-2/	The mission of The Center for Entrepreneurship (CFE) is to empower the entrepreneurial spirit of The University of Michigan College of Engineering to drive the impact of innovation in the State of Michigan, the Nation and in the global economy. The CFE provides active learning experiences to all students and faculty at The University through classes and programs that are designed to teach the skills needed to successfully translate high-potential projects and ideas into the world. In learning these skills, individuals become better prepared to identify and act on opportunities to solve problems in any organization, or entrepreneurial endeavor.
USA	North Carolina	Duke University	26	Duke Innovation & Entrepreneurship Initiative	https://entrepreneurship.duke.edu/about/overview/	The Duke Innovation and Entrepreneurship Initiative brings to life and deepens Duke's enduring theme of knowledge in the service of society. We seek to make Duke an agent of transformation through an entrepreneurial spirit, generating innovations from the ideas that grow at the university and translating those innovations to positively impact individuals, communities, institutions, and societies. We seek to inspire and prepare all members of the university community for innovative leadership and to actively support and encourage the translation of knowledge in the service of society.
USA	Wisconsin	<u>University of Wisconsin - Madison</u>	28	<i>Data to be added</i>	<i>Data to be added</i>	<i>Data to be added</i>

USA	New York	<u>New York University</u>	29	W. R. Berkley Innovation Labs Entrepreneurship	http://www.stern.nyu.edu/experience-stern/about/departments-centers-initiatives/centers/innovation-labs/entrepreneurship/about-berkley-lab	We help NYU students, alumni, faculty, and staff start and grow businesses. We offer a variety of programs and services that include: Educational and training programs such as workshops, learning forums, speakers series and conferences Startup advising appointments in several different functional areas Venture competitions for entrepreneurs seeking funding for their ideas Fellowship opportunities for those wanting to focus their efforts on their startups Networking opportunities with fellow entrepreneurs, investors and thought-leaders in the startup community
Canada	British Columbia	<u>University of British Columbia</u>	31	entrepreneurship@UBC	www.entrepreneurship.ubc.ca	entrepreneurship@UBC (e@UBC) is the venture accelerator at the University of British Columbia (UBC). e@UBC provides programming and resources for UBC entrepreneurs, from ideation to funding. Resources range from entrepreneurial workshops, programs for market validation and business model development, access to Entrepreneurs-In-Residence, sector-specific industry mentors, to drop-in startup space. Since 2013 entrepreneurship@UBC has helped more than 800 UBC venture teams to become inspired, to learn about entrepreneurship, and to build ventures.
USA	North Carolina	<u>University of North Carolina at Chapel Hill</u>	33	INNOVATE CAROLINA	http://innovate.unc.edu/about/	We have chosen to take initiatives for the positive. We've asked ourselves: "What are the most pressing problems facing North Carolina and the world today?" and "How will the University of North Carolina best support its talented faculty, staff, students, and their research and ingenuity to help solve those problems?" Having greater impact means embedding new methods, procedures and programs throughout the University.
USA	Minnesota	<u>University of Minnesota, Twin Cities</u>	34	GARY S. HOLMES CENTER FOR ENTREPRENEURSHIP	https://carlsonschool.umn.edu/faculty-research/gary-s-holmes-center-entrepreneurship/about-us	The Gary S. Holmes Center for Entrepreneurship is the hub of entrepreneurship and innovation at the University of Minnesota that inspires, educates and connects the next generation of Minnesota's entrepreneurs. We mobilize the community and provide support for emerging entrepreneurs, both within and outside the University, through experiential courses and outreach programs. We believe that entrepreneurs and entrepreneurship are essential to a thriving economy and play a vital role in job creation. We want to ensure that our students and entrepreneur community get the support and connections they need to nurture, grow and scale their ideas.
USA	New York	<u>Rockefeller University</u>	36	<i>Data to be added</i>	<i>Data to be added</i>	<i>Data to be added</i>
USA	Illinois	<u>University of Illinois at Urbana-Champaign</u>	37	Technology Entrepreneur Center (TEC)	http://tec.illinois.edu/what-is-tec/	The Technology Entrepreneur Center [TEC] provides students and faculty with the skills, resources, and experiences necessary to become successful innovators, entrepreneurs and leaders who tackle grand challenges and change the world.
USA	Illinois	<u>University of Illinois at Urbana-Champaign</u>	37	ENTREPRENEURSHIP AT ILLINOIS	http://entrepreneurship.illinois.edu/about.html	The University has a vibrant and rapidly evolving entrepreneurial ecosystem, and there are many partners across campus that work together to provide support and resources to the entrepreneurial community. The Entrepreneurship at Illinois site is a portal for entrepreneurial opportunities, resources and news at the University of Illinois. Explore and learn more!
USA	Colorado	<u>University of Colorado at Boulder</u>	43	Innovation & Entrepreneurship Initiative	http://www.colorado.edu/innovate/	CU Boulder provides opportunities for students, faculty, staff, industry partners, and the community to engage in and be exposed to innovative and entrepreneurial experiences and mindsets.
USA	California	<u>University of California, Santa Barbara</u>	45	UC Santa Barbara Office of Technology & Industry Aliances (TIA)	https://tia.ucsb.edu/entrepreneurs/	The primary mission of UCSB's Office of Technology & Industry Aliances (TIA) is to build the foundation for long-term, productive and mutually beneficial relationships between UCSB and its industry collaborators. Startup companies can play an important role in transitioning early stage university technology into commercial products that benefit the public. The following resources may be helpful.
USA	Texas	<u>The University of Texas at Austin</u>	51	Innovation Center	http://www.engr.utexas.edu/innovation	We aim to accelerate impacts of faculty and student discoveries and inventions using startups as vehicles of innovation, in short to help Austin be a better Silicon Valley.

USA	Tennessee	<u>Vanderbilt University</u>	52	the Wond'ry Vanderbilt's Epicenter for Innovation and Entrepreneurship	https://www.vanderbilt.edu/thewondry/about/	The Wond'ry is the epicenter for Innovation and Entrepreneurship at Vanderbilt University. The Wond'ry is the epicenter for creativity, innovation, and entrepreneurship on campus where discovery and learning are unleashed in an inclusive environment. Students and faculty are encouraged to build, innovate, explore and care. Here, our campus community can turn abstract ideas into realities that make a difference in people's lives.
USA	Maryland	<u>University of Maryland, College Park</u>	53	The Dingman Center	https://www.rhsmith.umd.edu/centers-excellence/dingman-center-entrepreneurship/about-us	The Dingman Center is one of the nation's pre-eminent institutions where the research, education and practice of entrepreneurship are pursued vigorously. We develop and execute curricular and non-curricular programs that uniquely leverage Smith School thought leadership, experiential learning and our network of practitioners to provide maximum resources to our startup community. Every initiative is designed to support the Center's mission within the Robert H. Smith School of Business.
USA	California	<u>University of Southern California</u>	54	Lloyd Greif Center for Entrepreneurial Studies	https://www.marshall.usc.edu/departments/lloyd-greif-center-entrepreneurial-studies	At the USC Marshall Lloyd Greif Center for Entrepreneurial Studies, you learn a mindset that will set you apart and better position you to impact the world. Incubators & Accelerators - http://incubate.usc.edu/about-us/
USA	California	<u>University of California, Irvine</u>	64	UCI Applied Innovation	http://innovation.uci.edu/about	UCI Applied Innovation facilitates connections between UCI and industry, including: entrepreneurs seeking access to university inventions and talent, large corporations looking to tap the school's research capabilities, and investors wanting to financially support promising new companies. Additionally, UCI Applied Innovation is working to cultivate an "innovation district" in the heart of Orange County, producing more start-ups, more scale-ups, and, ultimately, a world-class entrepreneurial ecosystem.
Canada	Ontario	<u>McMaster University</u>	66	MCMaster INNOVATION PARK	https://mcmasterinnovationpark.ca/about-us	Our vision is to be an internationally recognized focal point for innovation, creativity, learning and research excellence aligned with the research strengths of McMaster University. McMaster Innovation Park offers up research opportunities in Canada that develop from our being recognized as one of the best research parks in Canada for innovative space and facilities. We offer one of the fastest growing Canadian research parks and business communities within our placement in Hamilton, Ontario which continues to be rated at #1 for investment and opportunity in the country.
Canada	Quebec	<u>McGill University</u>	67	The McGill Innovation Collective	https://www.mcgill-innovation.com/	We are a passionate group of individuals working together to build McGill's innovation ecosystem through experiments, new initiatives, and strategic partnerships globally and within Canada. We have expertise in technology transfer, developing partnerships and programs for students and researchers, and entrepreneurship and innovation. We are dreamers, thinkers, and doers aligned around the common goal of fostering innovation at McGill.
USA	Pennsylvania	<u>University of Pittsburgh, Pittsburgh Campus</u>	68	The Institute for Entrepreneurial Excellence (IEE)	http://entrepreneur.pitt.edu/what-we-do/overview/	The Institute for Entrepreneurial Excellence (IEE), part of the University of Pittsburgh's Innovation Institute, has served business throughout Western Pennsylvania for over 20 years. Offering a dynamic mix of consulting, education, and networking opportunities, the IEE strives to be an innovative leader in economic development in the region.
USA	Texas	<u>Rice University</u>	74	LILIE - Liu Idea Lab for Innovation & Entrepreneurship	https://entrepreneurship.rice.edu/	Open to undergraduates and graduate students from across the university, lillie offers courses and a variety of co-curricular opportunities for students interested in entrepreneurship, innovation and design thinking. The Liu Idea Lab for Innovation and Entrepreneurship (Lillie) supports Rice's innovative energies across the liberal arts, professional schools, and the research university. Lillie is composed of curricular and co-curricular opportunities, meaningful experiences bridging Rice and the broader world, a physical space on campus opening October 2017, as well as resources to support Rice innovators and entrepreneurs in continuous learning and discovery on their entrepreneurial and innovative pathways.
USA	Indiana	<u>Purdue University - West Lafayette</u>	77	Burton D. Morgan Center for Entrepreneurship	https://www.purdue.edu/discoverypark/bdmce/	The Burton D. Morgan Center for Entrepreneurship (BDMCE) fosters and stimulates the understanding and application of entrepreneurship with faculty and students across the Purdue campus and with stakeholders throughout Indiana and the world.

USA	New Jersey	<u>Rutgers University The State University of New Jersey</u>	79	Innovation Park@Rutgers	https://ipark.rutgers.edu/	Innovation Park@Rutgers will be Rutgers' signature corporate and community collaboration/commercialization complex that will serve as a national model for technology-led economic development. Mission: Innovation Park@Rutgers will accelerate economic growth by creating "communities of innovation" that promote research collaborations, technology transfer and commercialization, job creation and university-industry partnerships.
USA	Massachusetts	<u>Boston University</u>	80	Boston University Entrepreneurship	http://questromworld.bu.edu/entrepreneurship/	BU offers a range of opportunities for all students, from those with a budding curiosity in entrepreneurship, to those with an idea they want to launch. With clubs for undergrad and graduate students, events on and off campus, workshops by industry experts and more, BU will fit your interests no matter how you want to plug into entrepreneurship ecosystem. Boston University Undergraduate Entrepreneurship Club Boston University Graduate Entrepreneurship Club Boston University Venture Accelerator BuzzLab - At the BUzz Lab Hive, we are striving to create a supportive ecosystem of startups, mentors, current students and alumni. It is the go-to destination for entrepreneurial resources: such as mentoring, information about startups, job opportunities and internships in startups; and for connecting with other BU startups, finding partners for your new venture and many more.
USA	Pennsylvania	<u>Carnegie Mellon University</u>	80	Swartz Center for Entrepreneurship	http://www.cmu.edu/swartz-center-for-entrepreneurship/about/index.html	The Swartz Center for Entrepreneurship, works with its partners to serve the entire CMU community — departments, colleges, centers and campuses — to accelerate bringing research innovations and promising ideas to the global marketplace and helping all entrepreneurial students, faculty, staff and alumni tap into the "innovation ecosystem." The Swartz Center's mission is threefold: Defining CMU as the "destination of choice" for all individuals — faculty, staff and students — interested in entrepreneurship; Fostering an "inside-out" approach to creating winning commercial ventures from cutting-edge research and ingenious ideas for the benefit of society; and Developing an extensive, vibrant network of alumni entrepreneurs.
USA	Ohio	<u>The Ohio State University - Columbus</u>	80	Ohio State University Center for Innovation and Entrepreneurship	https://fisher.osu.edu/centers-partnerships/cie	The center facilitates entrepreneurial and innovation-based learning and experiences that will impact the global economy by assisting in new company formation and the development of new products and services within existing businesses. Because leading brands are increasingly employing innovation process for new product and service development and creation to achieve sustainable differentiation and long-term viability, both business schools and businesses need to: Prepare students for a new professional paradigm Partner with one another through research, training and development focused on new processes for ideation, incubation, and commercialization Enact new approaches to value creation applied to a cross section of business issues and to address problems of global dimension, including job creation.
USA	Georgia	<u>Georgia Institute of Technology</u>	85	Enterprise Innovation Institute (EI2)	http://innovate.gatech.edu/about-us/ http://atdc.org/about/	EI2's mission is to increase the competitiveness of enterprises in Georgia through the application of science, technology, and innovation. Through the expertise of EI2's staff and faculty, who have years of practical hands-on experience; connections to Georgia Tech resources; and statewide partners, EI2 is able to add tremendous organizational value to the efforts of our clients. The Advanced Technology Development Center (ATDC) at Georgia Tech is Georgia's technology incubator.

USA	Pennsylvania	<u>Pennsylvania State University - University Park</u>	85	Innovation Park at Penn State	http://www.innovationpark.psu.edu/index.php/about	Innovation Park is committed to helping you every step of the way. In addition to a great space for your business, we offer innovative resources and support for start-up companies. From incubator space to networking, and even funding opportunities, your business will be set up for success at Innovation Park! TechCelerator Incubator Program: provides assistance with accounting practices, office procedures, and human resource planning and management, mentors, business support organizations and a community of like-minded and experienced professionals to help you along. Flexible office/lab space at the Technology Center Building in Innovation Park Small Business Development Center Chamber of Business and Industry of Centre County (CBICC)
USA	California	<u>University of California, Davis</u>	85	The Institute for Innovation and Entrepreneurship	https://gsm.ucdavis.edu/entrepreneurship-home	We bring together researchers in science, engineering, social sciences and humanities with faculty, MBA students, UC Davis undergraduates, experienced entrepreneurs, investors and corporate leaders to support technology transfer and commercialization activities. Our programs help researchers and students build the networks, knowledge and tools to communicate the value of their work, explore commercialization strategies, connect with industry partners, and design research programs that address and align with practical applications.
USA	Florida	<u>University of Florida</u>	88	Entrepreneurship & Innovation Center	http://warrington.ufl.edu/centers/cei/	The Entrepreneurship & Innovation Center was created to teach, coach and inspire students to be entrepreneurial in their lives. The Center provides students the tools and experiences necessary to creatively pursue new opportunities and innovations in the start-up, social, and corporate venture arenas. The Innovation Hub is more than just inexpensive, state-of-the-art lab and office space available for lease. It's an elite program available only to applicants selected for admission (http://floridainnovationhub.ufl.edu/about/).
USA	California	<u>University of California, Santa Cruz</u>	98	CENTER FOR INNOVATION & ENTREPRENEURIAL DEVELOPMENT	https://cied.ucsc.edu/about/index.html	CIED promotes the development, research, and teaching of innovation and entrepreneurship at UC Santa Cruz and its global partners. To accomplish this mission: CIED Works with UCSC faculty, students, alumni and companies to identify promising areas of entrepreneurial development. Matches internship opportunities for UCSC students. Works with the community to promote community-wide events (annual competitions Pitch Slam!, Business Design Showcase, and Hack UCSC). Offers workshops and seminar series to promote networking and skills training and to share experiences.
USA	Arizona	<u>University of Arizona</u>	99	Arizona Center for Innovation	https://techparks.arizona.edu/azci	The Arizona Center for Innovation fosters technology start-ups, emerging and mature companies develop their ideas, inventions and next evolution of product. We serve the University of Arizona's faculty and researchers as well as community entrepreneurs. At the Arizona Center for Innovation, you'll find the facilities, services, and expertise it takes to grow your business. You'll work side by side with other technology entrepreneurs in a fast-moving, collaborative, and creative environment. And you'll have the advantage of hands-on support from people who have a track record of success.
USA	Arizona	<u>Arizona State University</u>	101-150	ASU Chandler Innovation Center (ACIC)	https://entrepreneurship.asu.edu/launch/asu-chandler-innovation-center-acic	The ASU Chandler Innovation Center (ACIC) is an innovative partnership bringing together the City of Chandler, Arizona State University and TechShop, a membership-based, do-it-yourself facility that provides the public with tools, equipment, training and a vibrant, supportive community of creative people.
USA	Texas	<u>Baylor College of Medicine</u>	101-150	Data to be added	Data to be added	Data to be added
USA	Rhode Island	<u>Brown University</u>	101-150	Jonathan M. Nelson CENTER FOR ENTREPRENEURSHIP	https://entrepreneurship.brown.edu/	We collaborate with every part of the Brown ecosystem (and beyond). Why? Because entrepreneurship is not solely about business – it is about solving many different kinds of problems. And many of the best solutions result from “collisions” of ideas and people who might not normally interact with one another. This kind of interdisciplinary collaboration is a hallmark of Brown’s ethos in general.

USA	Ohio	<u>Case Western Reserve University</u>	101-150	think[box] innovation center.	http://thinkbox.case.edu/about	The vision of think[box] is to change the economic and social culture of the University and region by emphasizing cross-discipline and cross-institution collaborative endeavors that push creativity and innovation to their limits. Think[box] will provide a project-based learning environment where students from all courses of study have an opportunity to understand how innovation and creativity can lead to economic and social advancement. This exposure will encourage entrepreneurial thinking among our students, who will then be poised to become the leaders and innovators of the future. Simultaneously, think[box] will create an entrepreneurial environment where these ideas can be nurtured, developed, funded, and commercialized.
USA	Georgia	<u>Emory University</u>	101-150	The Emory Neuromodulation and Innovation Center (ENTICE)	http://entice.emory.edu/about/index.html	The mission of the Emory Neuromodulation and Technology Innovation Center (ENTICE) is to propel neuromodulation innovation upon a “three-legged stool” comprised of clinicians/scientists, engineers, and industry all of whom work closely together to develop new ideas and solve critical hurdles to neuromodulation therapy for neurological and psychiatric disorders. To maintain and strengthen our position among the world leaders in neuromodulation by extending our work into new areas of clinical and research innovation through the development of a unique model for discovery, education, and care.
USA	New York	<u>Icahn School of Medicine at Mount Sinai</u>	101-150	Mount Sinai Innovation Partners	http://www.ip.mountsinai.org/about/	We Facilitate The Real-World Application And Commercialization Of Mount Sinai Health System Discoveries And The Development Of Research Partnerships.
USA	Indiana	<u>Indiana University Bloomington</u>	101-150	IU Innovation Center	http://www.indiana.edu/~sustain/programs/green-building/green-building-projects/innovation-cent.php https://www.facebook.com/pages/Indiana-University-Innovation-Center/155301517814350	The Indiana University Innovation Center is a 40,000 square foot, two-story incubator office building that is adjacent to Indiana University Bloomington campus. The Innovation Center is intended to provide working space for science-based (both life science and Internet technology) business ventures. The Innovation Center is one of IU's first major initiatives under President Michael McRobbie's Innovate Indiana program, which focuses on expanding economic development across the state. The building is managed and operated by the IU Research and Technology Corporation.
USA	Michigan	<u>Michigan State University</u>	101-150	MSU Innovation Center	http://innovationcenter.msu.edu/about	The MSU Innovation Center combines innovation, technology transfer, start-up support, and a portfolio of dedicated business and community partnerships to bring cutting-edge ideas to the marketplace.
USA	Texas	<u>Texas A&M University</u>	101-150	Center for Innovation in Advanced Development and Manufacturing	https://ciadm.tamhsc.edu/	Texas A&M Center for Innovation in Advanced Development and Manufacturing is accelerating research and development of vaccines and therapeutics, and will rapidly produce these products in case of pandemics or other national emergencies.
USA	New York	<u>University of Rochester</u>	101-150	The Ain Center for Entrepreneurship	http://www.rochester.edu/entrepreneurship/about/	The Ain Center serves to identify and create new partnerships with students, alumni, local businesses, and non-profit organizations; coordinates and publicizes school-based experiences, including courses and signature programming; informs faculty of grant and bridging fellowship opportunities; and encourages collaboration among the schools engaged in entrepreneurship education at the University of Rochester.
USA	Utah	<u>University of Utah</u>	101-150	LASSONDE ENTREPRENEUR INSTITUTE	http://lassonde.utah.edu/about-us/	The Lassonde Entrepreneur Institute is a nationally ranked hub for student entrepreneurship and innovation at the University of Utah and an interdisciplinary division of the David Eccles School of Business. The institute now provides opportunities for thousands of students to learn about entrepreneurship and innovation.
USA	Texas	<u>Texas A&M University</u>	101-150	Engineering Innovation Center (EIC)	http://engineering.tamu.edu/easa/areas/enrichment/eic	Open space where engineering students have access to state-of-the-art prototyping tools, equipment, material and support staff. Through partnerships with industry and non-profit sponsors, the EIC is an environment where concepts become solutions to real world problems and student teams come together to build new prototypes, acquire new skills and develop new relationships.
